SUMMARY

Full Stack Developer with **2500+** hours of hands-on experience in building responsive, **scalable web applications** using modern technologies and best development practices. Passionate self-learner, trained through real-world projects and guided by top mentors including **Akshay Saini**, **Maximilian Schwarzmüller**, and **Thapa Technical**. Known for writing clean, reusable code and delivering **user-focused solutions** that drive engagement and performance.

TECHNICAL SKILLS

Fronted : Next JS, React JS, React Native, Redux (Saga), Javascript & ES6, TypeScript, CSS3 & SCSS, HTML5

Backend : Node JS, Express, Ruby on Rails, Ruby, MongoDB, PostgreSQL

Tools : AWS (EC2, S3, SES, etc.), Nginx, Git, GitHub, Vercel, Linux, Figma, Bootstrap, Tailwind, Material UI

WORK EXPERIENCE

Rootlex, Hyderabad, IN

Sept 2025 - Present

Full Stack Developer, Tech: React Native, Next JS, React JS, React Player, Zustand, Firebase, Expo Go, Claude

- Developing cross-platform **tablet and mobile applications** for the **Indian Autism Center**, delivering accessible solutions for therapists (PSS) and parents across Android and iOS platforms, with support for Android 12+ devices.
- Developed **multilingual support**, enabling seamless switching between English, Hindi, and Bengali to improve accessibility for diverse users.
- Developed core features for **thespice.ai** using React and Next.js, delivering a TikTok/Instagram-style video discovery experience.
- Built a fully customized **video player** with autoplay, viewport-based playback, and seamless vertical/horizontal video navigation.
- Implemented Loops (short-form video feed) with optimized scrolling, playback controls, and responsive **cross-platform user experiences**.
- Designed and developed an **AI-powered chat interface**, enabling users to query podcast and video content using contextual platform data.

Eventible (Startup), Pune, IN

Sept 2022 - Sept 2025

Full Stack Developer, Tech: Next JS, React JS, Redux-Saga, Ruby on Rails, PostgreSQL, AWS

- Led the redevelopment** of a full-stack web application, building reusable UI components, integrating **third-party APIs**, and improving performance and **SEO** through **Next.js SSR**, resulting in a **20% increase in organic traffic**.
- Developed **automated newsletter workflows** and responsive email templates, **reducing manual effort by 90%**.
- Built, deployed, and maintained 60+ landing pages via FileZilla FTP, supporting marketing campaigns with 99% uptime.
- Optimized CRUD operations** within the database, reducing response time by **25%** and improving overall system efficiency by **40%**.
- Automated **HubSpot CRM** review integration for **20,000+ reviews**, reducing manual effort by 90%.
- Improved application performance through **Redis caching** and database optimization.
- Managed production deployments and **AWS/Nginx** infrastructure, ensuring high **availability** and **system reliability**.

PROJECTS

Food Order Application - React JS

- Developed a fully-featured food order application from scratch using React, utilizing advanced React hooks for state management and performance optimization.
- Live Link:** food-order-application-six.vercel.app/

Bankist App - JavaScript

- Build features for user transaction details, loan approval, and automatic logout in the application. Strengthened security measures and streamlined user interactions.
- Live Link:** murtazshaikh.github.io/29_Bankist_App/

Expense Tracker - React JS

- Constructed a responsive expense tracker application that allows to add/remove expenses, filter data by year, and visualize financial information through interactive graphs.
- Live Link:** expense-tracker-navy-one.vercel.app/

Guess My Number Game - JavaScript

- Designed an interactive number guessing game with a scoring system based on fewer attempts to guess a number between 1 and 20.
- Live Link:** guess-my-number-game-cyan.vercel.app/

EDUCATION

Bachelor of Engineering - Pune University 2021

Diploma - MSBTE 2018

S.S.C - Mumbai Board 2015

PERSONAL DOSSIER

Date of Birth November 29

Current City Mumbai, India
